### **Catch Up Premium**

The Government announced £1billion of funding to support children and young people to catch up lost time after school closure. This is especially important for the most vulnerable and those from disadvantaged backgrounds. This funding includes:

- A one-off £650 million catch up premium for the 2020/21 academic year to ensure that schools have the support they need to help all pupils make up for lost teaching time.
- A £350 million National Tutoring Programme to provide additional targeted support for those children and young people who need the most help, which includes:
  - A schools' programme for 5-16 year olds
  - A 16-19 tuition fund
  - An oral language intervention programme for reception aged children

### **Funding Allocations**

School allocations will be calculated on a per pupil basis.

Mainstream schools will get £80 for each pupil from reception to year 11 inclusive.

### **Using Catch-up funding**

Schools should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the curriculum expectations for the next academic year.

While schools can use their funding in a way that suits their cohort and circumstances, they are expected to use this funding for specific activities which help pupils catch up on missed education.
